

“WOMEN OF TAMBURA”

At last year’s Extravaganza, we debuted the “Women of Tambura” recognition celebration of women’s contributions to the world of tambura! We would like to continue recognizing additional women this year at the 2022 Tamburitza Extravaganza® in Cleveland.

Over the years, we are sure that there have been numerous women who have gone unrecognized but have in some way contributed to the promotion and preservation of the tambura and its culture—singing, dancing, teaching, promoting, supporting. We will display our “Women of Tambura” with a short biography and photo.

If you are aware of someone who is deserving of this recognition and has contributed to the tambura world and its culture, please email the following information so that we can share it at the 2022 Tamburitza Extravaganza®:

- ♥ Full name (may include maiden name)
- ♥ Birth year/death year (optional)
- ♥ Location (birth and residence)
- ♥ Nature of tambura involvement:
